| 9:30         | ARPA UPDATE & BUDGETING FOR IMPACT   |
|              | Thousands of local governments are trying to figure out how to maximize the<br>impact of ARPA dollars and meet daunting compliance and reporting<br>requirements. Andrew Kleine, author of City on the Line: How Baltimore<br>Transformed Its Budget to Beat the Great Recession and Deliver Outcomes, will<br>talk about how some local governments are taking on this challenge, how to avoid<br>pitfalls, and how to invest for long-term community impact and fiscal health.   |
|              | Andrew Kleine, Senior Director Government & Public Sector   EYP  |
| 10:30        | ECONOMIC DEVELOPMENT POST-COVID: MAKING SENSE OF A TIDAL WAVE OF<br>INFORMATION  |
|              | Home prices are soaring, ecommerce is booming, remote work is in flux, and<br>travel patterns are evolving. At the same time, labor force participation has<br>shrunk, businesses are clamoring for workers, and many storefronts remain<br>empty. Is this a boom, or downturn? The pandemic has amplified economic<br>trends a long time in the making, and these shifts have implications for where we<br>live, work, and spend our time, what our cities and towns look like, and how we<br>are able to sustain them both economically and fiscally. In this session, we will<br>discuss how the trends are affecting different municipalities, and what they<br>mean for real estate markets, local economic competitiveness, and ultimately,<br>the fiscal bottom line in your community. |
|              | Tom Dworetsky, Camoin 310  |
|              | Victoria Storrs, Storrs Associates   |
